📋 WORKSHEET

Your First AI Project Planner

A 7-day experiment for absolute beginners

Congratulations on completing Module 6. You earned this.

1 Pick Your Experiment

Choose one real task from your life. Keep it small and specific.

WHAT'S ONE TASK YOU DO REGULARLY THAT FEELS TEDIOUS?

Write it here...

HOW LONG DOES IT USUALLY TAKE YOU?

e.g. 20 minutes, about an hour...

WHAT WOULD A GOOD RESULT LOOK LIKE?

Describe success in plain terms...

WHICH AI TOOL WILL YOU TRY?

☐ ChatGPT ☐ Claude ☐ Gemini Other: _____

2 Your 7-Day Plan

You don't have to spend more than 10–15 minutes a day on this.

DAY	YOUR MISSION	DONE?
Day 1	Try it once. Don't judge it yet — just see what comes out.	☐
Day 2	Try again, but give the AI more detail in your prompt.	☐
Day 3	Compare the AI's output to how you'd normally do this task.	☐
Day 4	Try a variation — a different task, same tool.	☐
Day 5	Show someone what you've been doing. Get their honest reaction.	☐
Day 6	Try the same original task with a *different* AI tool. Compare.	☐
Day 7	Make a call — is this worth keeping in your routine?	☐

3 Score Your Experiment

After Day 7, rate each statement from 1 (not really) to 5 (absolutely).

STATEMENT	SCORE (1–5)
It saved me time.	/ 5
The output quality was acceptable.	/ 5
It was easy to use.	/ 5
I would use it again next week.	/ 5
I would recommend it to a friend.	/ 5

My Total Score: _____ / 25

4 What to Try Next

Find your score range below and see what it means.

20–25

You found a winner.

Use it consistently. Try building it into a regular habit.

15–19

Promising, but not quite there.

Experiment with more specific prompts. Give it another week.

10–14

Mixed results.

Try a completely different task, or switch AI tools.

5–9

Not the right fit — yet.

Don't give up. Pick a totally different type of task and start over.

5 10 Starter Project Ideas

Not sure what to try? Pick any of these to get going.

01 📋 Draft a weekly meal plan

02 📰 Summarize a long article

03 ✉️ Write a difficult email

04 ✈️ Plan a trip itinerary

05 📚 Create a study guide

06 🎁 Brainstorm gift ideas

07 📝 Proofread an important document

08 🧾 Explain a confusing bill or contract

09 💼 Generate interview questions for hiring

10 🏋️ Create a workout routine

The goal isn't to become an AI expert.

"It's to find one thing AI does well enough that you'd actually use it again."
